From Wikipedia, the free encyclopedia. Pesticide-grade permethrin is toxic to cats. Its use is controversial because, as a broad-spectrum chemical, it kills indiscriminately; as well as the intended pests, it can harm beneficial insects, including honey bees, and aquatic life. Retrieved from "https://www.pesticide.gov.gov/permethrin.htm": Permethrin is listed as a "restricted use" substance by the US Environmental Protection Agency EPA [23] due to its high toxicity to aquatic organisms. [24] so permethrin and permethrin-contaminated water should be properly disposed. Many cats die after being given flea treatments intended for dogs, or by contact with dogs having recently been treated with permethrin. Permethrin, sold under the brand name Nix among others, is a medication and insecticide. Permethrin has little systemic absorption, and is considered safe for topical use in adults and children over the age of 2 months. To better protect soldiers from the risk and annoyance of biting insects, the US [19] and British [20] armies are treating all new uniforms with permethrin. Archived PDF from the original on 3 December 2015. - Re: Spraying clothing with Permethrin. May 16, 2015, 10:00 PM. Just to be clear permethrin is not banned in Canada. It is available in many products. You can buy the impregnated clothing. There are permethrin products for pets and for humans - I think for treating scabies. The spray is also available from. yeppers, that's the stuff. Sold under the brand name "Permanone" here. Yellow and blue spray can. 5% Permethrin, 95 inert. Spray on clothes and let dry before wearing. Supposedly lasts for 2 weeks. NOT FOR SKIN APPLICATION. Apr 12, 2015. - I was under the impression permethrin is the most effective deterrent against ticks yet Health Canada has banned this for being too strong how is this possible or even allowed. Yet there concerned in Michigan. I hear you can pick something like it at farming stores or TSC as a repellant spray for horses. Hey all, Anyone know if any niche/camping/outdoor stores carry permethrin spray for clothing? It's pretty rare in Canada, but some do. I know there's some on [annunci gratuit web.com](#), but I'd rather buy it in person downtown if I could. Anyone have any luck with this? Permethrin is odorless when dry, and during the drying process it chemically bonds with the fibers of the treated garment, but will not stain or damage clothing, fabrics, plastics, finished surfaces, or any of your outdoor gear.
