

cost of leukeran for cats

In addition, your veterinarian should be notified if your pet is taking another antineoplastic, a bone marrow suppressant, a corticosteroid, an immunosuppressive, a protein-bound medication, or Amphotericin-B as these medications can cause reactions with Chlorambucil. This is what I was told: Hello, I do not have a cat, however I do have a dog currently on Chlorambucil leukeran. The most common of these side effects include vomiting, diarrhea, loss of appetite, loss of hair with delayed re-growth, tremors, seizures, and liver and kidney enzyme imbalances. I was worried because it was coming from Canada to near Houston, Texas, and Leukeran needs to be refrigerated. I refilled the script today and almost had a meltdown. I am afraid to buy generic from Canada or Mexico. I went to Costco yesterday, Feb. Compounding may be the way to go. As a result, it is very important to not miss doses. Do you already have an account? It sounds like the problem is that there aren't any other companies that have started to manufacture. The "cool pack" was wrapped thoroughly in paper to absorb a lot of the melt-off, and it was a little damp, but not dripping. If this is the case, then restart the dose at the next scheduled administration time. When administering the medication to your cat or dog, you should be sure to wear gloves. There is a pharmacy in AZ called Diamondback Drugs which makes compounded drugs. Many thanks, Oreo's Mom. The Canadian pharmacy I ordered from is [http: Supply Chain Aspen Global Incorporated](http://Supply Chain Aspen Global Incorporated): Jan 13, - I have to get some for my cat Lulu with small cell lymphoma. I read that the company who manufactures Leukeran went ahead and sold it to a larger company who doubled the price. It is now around \$12 a pill. I posted below where I saw an article from a vet in New York who was able to get some from a Questions for cat with suspected GI lymphoma. PetPlus Member Benefits; Wholesale prices on Flea & Tick, Heartworm, Supplements, & Rx Food; Wholesale prices on all Prescription Medication; Free Leukeran is a prescription medication used to treat certain cancers in dogs and cats, such as lymphocytic leukemia, ovarian cancer, multiple myeloma, and lymphoma.
